

## 2.1M 4.3 Manual Projector Screens

## INFORMATION

This high quality screen is most definitely the best value on eBay. It is ideal for Home Cinema, Business Presentations, Multimedia Viewing, for use in Pubs to screen the Big Match Live, Clubs and also Schools wanting to use interactive teaching methods.

This screen has manual self-locking system allowing for easy use when wanting to use the screen or pack it away.. Black backing allows the screen to be mounted in front of suitably curtained windows.

The screens are in the 4:3 format, the manual self-locking system allows the screen to be stopped at virtually any point within the screens size limit allowing the screen to be used in 16:9 format. The controls will also lower the screen fully & automatically.
